

KVN Impex Private Ltd

Merging Quality With Trust

Founder Shri. K V Narayana Menon

The impulse to set forth our journey was solely because of Shri K.V.Narayana Menon back in 1966, when we merely emanated as a wholesale Biscuit Dealer and Acid Dealer at the sublime city of Calicut. In due course, we have moulded ourselves into chemical trading business "Ramesh Chemicals". Jan 8th, 1999 witnessed the inception of KVN Impex with a noble lineage consisting of our Chairman and Managing Director - Mr. Ramesh Menon, Whole-time Directors - Mr. Rajesh Menon, Mrs. Rashmi Rajesh, and Mrs. Sindhu Ramesh, whom with their travail and expertise carve a renowned name in history. Our cutting-edge outlook made us diversify into petroleum retailing and latch on to operations of Reliance Petroleum under "KVN Petro Products" in Nallalam, Calicut.

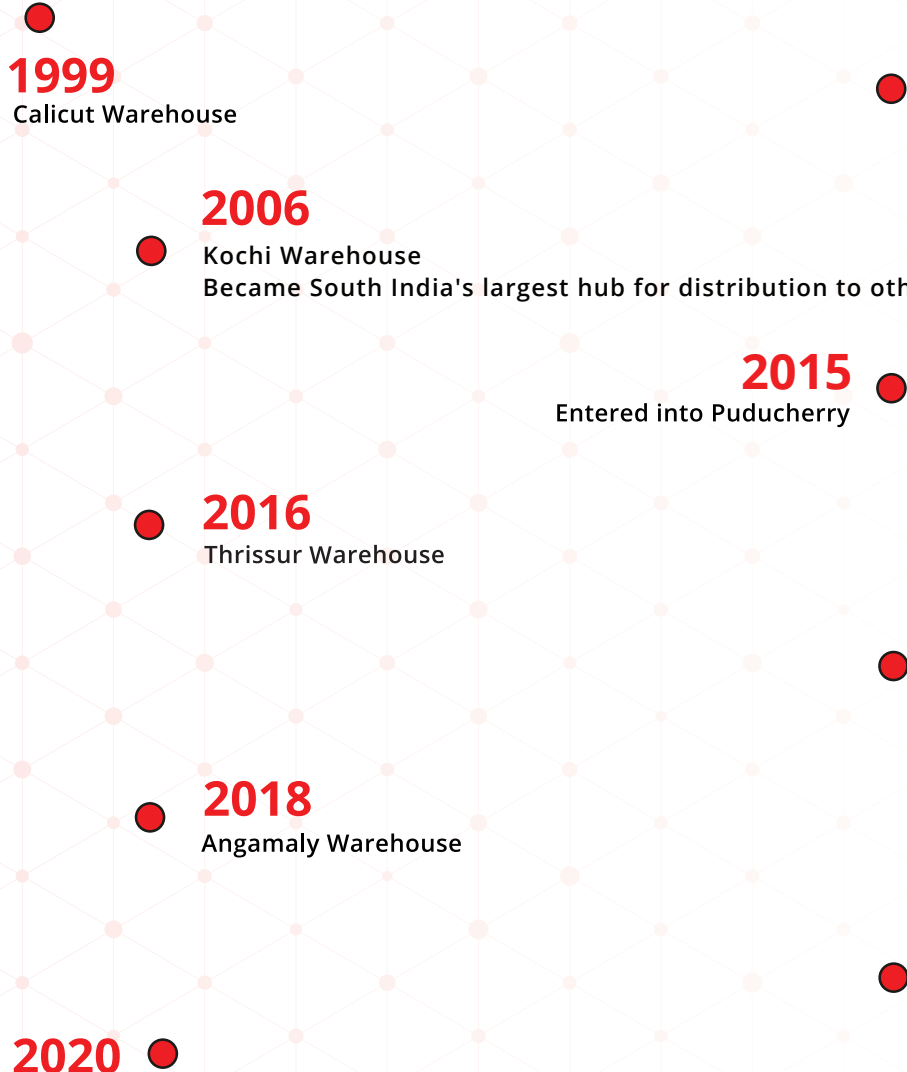

We

Eager to know more of us?

Our story began in 1966 when we kick-started a humble venture by our visionary founding father Shri.K.V.Narayana Menon. It wasn't long before our customers started to articulate their wish to deal with us, we widened our enterprise throughout South India. We have set new standards in achieving a happy and contented customer base throughout South India that bears out our innovative and magnanimous outlook to business. We always endeavor to take the extra mile as we had from our inception to prevail as the top-notch competitors in polymer import and distribution.

Our Domains Of Service

- ❑ We emerged as one of the top importers of polymer only because of our staunch workforce, trustworthy clients, and uplifting management.
- ❑ Our smart trading specialists have a deep insight into the polymer market and possess a chain of contacts, combined with the opportunities extended by our warehouses gives you an exclusive service to obtain the most out of your procuring power.
- ❑ Through making headway across Kerala and Tamilnadu, our ultimate mission is to advance and further intensify the polymer distribution to the customers and suppliers.
- ❑ KVN Impex has an auxiliary private-bonded warehouse over manifold locations to satisfy the rising demand and abridge time and cost to transport merchandise without a hitch.
- ❑ We solemnly boast of our capacious warehouse offering over 2 Lakh square feet area and distribution right through South India.
- ❑ KVN Impex trading is also upheld by our sister concern KVN Polytech Private Ltd.

Our Products

PP – POLY PROPYLENE

Homo Polymer, Impact / Copolymer
Random Co Polymer

PE - POLY ETHYLENE

HDPE - High Density Poly Ethylene
LLDPE - Linear Low Density Poly Ethylene
LDPE - Low Density Poly Ethylene

PVC - POLY VINYL CHLORIDE

Pipe / Fitting

04

ENGINEERING PRODUCT

ABS - Acrylonitrile Butadiene Styrene

SAN - Styrene Acrylonitrile

PC Poly Carbonate, PS Poly Styrene

Up coming Products

- | Paper
- | Pulses & Grains
- | Spices
- | Imported Fruits and Vegetables
- | Cereals

“An approved brand by Cochin Port Trust and Cochin Customs”

Features

200+

Containers (both 40 ft and 20 ft)
handled every month.

11

Branches and warehouses along with distribution
facilities throughout South India.

5000+

Tonnes per month

2000+

Customers

100+

Work Force

“Delighted to be amongst the Largest Importers
Of Plastic Raw Materials in South India”

Our Esteemed Allies

Our Key Highlights

- The right choice of a location will ensure customer satisfaction, and because of that, our warehouses are in the vicinity of ports and national highways, making it easy for transportation.
- We keep up the standard in both distribution and obtaining products and our customs bonded warehouse have a close tie-up with the Cochin Customs and Central Government so that goods clearance is facilitated and enables transportation to the warehouse from Cochin port.
- Being a critical element of KVN Impex Warehouse, the forklift enables better storage and stacking, ensuring efficiency and safety in movement.
- We were able to maintain our competitive space with our expense reducing process using a centralized billing and accounting system for both the planning and mobility of goods, in both distribution and logistics.
- With over 2 Lakh square feet, our warehouse is updated and upgraded up to 10-15% every year, with our innovative approach along with technology, distribution and supply chain management is done mainly to increase efficiency.
- Forecasting and projections are done beforehand, which helps in better pricing.
